NEW E-LEARNING COURSES [Safeguarding All \(Adults & Children\) E-Learning | Teeswide Safeguarding Adults Board \(tsab.org.uk\)](#)

Loneliness and Isolation

Loneliness and isolation is a growing issue, and it doesn't just affect older people. This Loneliness and Isolation course is for anyone who comes into contact with people who might be lonely or isolated. It will provide an awareness of what isolation and loneliness is, who might be vulnerable, how to spot signs that someone might need help and what you can do to help tackle this issue.

Dementia Awareness

This course provides an introduction to dementia, including the causes of dementia, treatments for dementia, symptoms and progression of dementia, and working with people with dementia. The course discusses the effects on the person with dementia, and how those effects can be addressed through the use of communication techniques, adjustments to the physical environment, and an understanding of the problems faced by people with dementia.

Substance Misuse

This Substance Misuse course will enable you to understand how drugs work, how their use affects people and their families and how addicts can be helped to recover.

Following the publication of the NICE guidance on safeguarding adults in care homes;
