

TSAB Safeguarding Champions Keeping In Touch

October 2021

The Board is launching a **Community Champions Programme** building on the skills and knowledge of local communities.

Community Champions use their unique position to communicate important safeguarding messages across their local communities, especially to those who are isolated or marginalised in society. Community Champions signpost individuals to access health, wellbeing and social care services, helping to share accurate information about safeguarding adults within local communities.

If you would know someone in the local community who may be interested in this new and exciting initiative across Tees, please contact TSAB.BusinessUnit@stockton.gov.uk.
