What we do

We seek assurance that organisations work in partnership to deliver joined-up services that safeguard adults from abuse and neglect. The work of the SAB is underpinned by the Care Act 2014. The core purpose of the Board is to:

- Ensure that local safeguarding arrangements are in place as defined by the Care Act 2014 and statutory guidance.
- Ensure that safeguarding practice is person-centred and outcome focused.
- Work collaboratively to prevent abuse and neglect where possible.
- Ensure agencies/individuals give timely and proportionate responses when abuse or neglect has occurred and
- Ensure that safeguarding practice is continuously improving and enhancing the quality of life of adults in the area.

Vision

Our safeguarding arrangements will effectively prevent and respond to adult abuse.

The TSAB will seek assurance from statutory organisations and multi-agency partners that the following aims, objectives and actions are delivered.

Safeguarding Principles

The safeguarding principles set out in the Care Act 2014 will underpin all aspects of safeguarding adults work across Tees.

Empowerment:	Prevention:	Proportionality:
I am asked what I want as the outcomes from the safeguarding process and these directly inform what happens	I receive clear and simple information about what abuse is, how to recognise the signs and what I can do to seek help.	I am sure that the professionals will work in my interest, as I see them and they will only get involved as much as needed.
Protection:	Partnership:	Accountability:
I get help and support to report abuse and neglect. I get help so that I am able to take part in the safeguarding process to the extent to which I want.	I know that staff treat any personal and sensitive information in confidence, only sharing what is helpful and necessary. I am confident that professionals will work together and with me to get the best result for me.	I understand the role of everyone involved in my life and so do they.
